

What I've been up to!!!

Vice President of Sales & Business Development (Vix Protection)

- Help grow a startup that develops protective sports gear.
- Work on sales, customer outreach, and product ideation
- I've learned a lot about wearing multiple hats and being resourceful.

Ski Coach

- Coach U14 alpine racers at Windham Mountain.
- I've learned how to lead, communicate clearly, and keep people motivated, even when things don't go according to plan.

Customer Service

- I've spent several years working in restaurants and hospitality, which taught me how to stay calm under pressure, solve problems quickly, and work with all kinds of people.

What I bring to a team

- Positive attitude and a strong work ethic
- Not afraid to take initiative
- Organized and dependable
- Creativity in problem solving
- Good communicator
- Team-first mindset

One thing I'm working on

I tend to say yes to everything because I like being involved. I've been getting much better at recognizing when to delegate and prioritize so I can do my best work.

Outside of school

I'm an All-American skier, love traveling, cooking, reading, and trying new things. I enjoy meeting new people and usually end up being the person who keeps everyone organized (or at least reminds everyone about the deadline).

Why I'd be a good teammate

I like being part of teams where everyone contributes and pushes each other to do their best. I'm reliable, easy to work with, and always willing to jump in wherever I'm needed. I'll bring energy, ideas, and a willingness to do the work—even if it's not the most glamorous part of the project.
