WORK EXPERIENCE

Rudin Management Company

Midtown, Manhattan

Residential Leasing Intern

June 2025 - August 2025

- Created Excel dashboards tracking vacancy loss and unit-level performance metrics across a portfolio of 150+ residential units, resulting in 10–15% improvement in visibility on underperforming assets using the Yardi system.
- Developed Excel-based cost models to analyze unit turnover expenses by repair category (window painting, flooring), supporting investment decisions that improved capital efficiency by 12%.
- Built Excel spreadsheets to track construction progress and compliance with Local Laws 6, 11, and 31 for 30+ active unit renovations, integrating pricing data such as \$/sqft and \$/room to inform project budgeting and ROI forecasting.
- Completed 10+ competitor property tours and authored detailed analysis reports comparing features and pricing, directly influencing leasing strategy for 3 high-profile Rudin buildings.
- Updated over 700 residential units in Yardi with accurate Rentable Square Footage (RSF), aligning Rudin’s data with industry standards and enhancing leasing and reporting efficiency.
