

DRAFT DAY — Wed Sept 2 · Olin 120 · 3:00 PM

WEAR GREEN. Hand a slip with first + last name to an HR Officer (syllabus bonus point). | Rules of Engagement 9-10 AM, Blank Center Televideo Rm 021 — the 10 questions are on p.2, and answers to Q1 & Q2 change this sheet.

THE RULE — TAKE THE BEST PLAYER AVAILABLE. Proven follow-through first. Raw strength second. **"Can they carry a pitch?" is asked of EVERYONE** — Len's memo: *"more than 70% of your Team's grade will result from successful Rocket Pitches and Skits."* That is not my job alone. Complementarity breaks ties between two close players. It is **never** a reason to take the weaker one. Only hard constraint: **don't end up with four of the same person** — check that once, at R4.
Among close players, take the one who will NOT be there next round.

RULE 1 — DO NOT PASS ANY ROUND. 43 draftable (55 students — 12 CEOs; Len said 56, so possibly 44) for **48 slots**. And the draft doc names **3 HR + 3 IT Officers** — if those come out of the pool it is **37-38 for 48**. Cash is one-time; a teammate works 13 weeks.
RULE 2 — EARLY PICKS = PEOPLE THEY CAN SEE. LATE PICKS = PEOPLE ONLY I CAN SEE. ★ = dark pool, no brag sheet. Eleven CEOs cannot see these names; they last to R3.

ROUND 1 — TAKE THE CONTESTED ONE

1. JEDA WANNASIN — *Thai, F — 9.3 / scar 5*
Presidential Scholar (never mentions it). Shoots + edits + performs her own video. **529% revenue growth** at ColoriS. Filed a provisional patent app. Sold ~200 CodeClean units at 35% ROI, door to door.
→ **Badejoko makes films and will decode her video. Nandika already knows her. TAKE HER FIRST.**

If gone → 2. BROCK ALPHER ★ — *US, M — 9.3 / scar 3*
Won **\$3,500** in B.E.T.A. · 2nd at eTower · pitched TiE Boston vs 980 · SneakerSoul **150M views**, Amazon + eBay · eBay consignment store before that, 8,000 items. **A founder who wins pitch competitions for cash, in a class that is 70% pitches.**
Then → **Will Marra** (8.8) or **Kelly Morgan** (8.6) or **Tarynea** (8.5).

ROUND 2 — THE TURN. PICKED LATE IN R1? I PICK AGAIN IMMEDIATELY — TAKE TWO CONTESTED.

3. AJ BULOW ★ — *Olin, M, Mech Eng — 9.0 / scar 1*
Olin Formula suspension/chassis lead engineer, 2 yrs. SpaceX (94 components, 8-week cycle). GM Motorsports: Cadillac LMDh. USA Team Handball national top scorer.
△ **IDENTITY UNCONFIRMED** — matched via Instagram to an Olin "Aiden Bulow." Confirm before spending the pick. SonRC LLC is registered to *David* Bulow — ask what's his.

4. MATTHEW ONG ★ — *Indonesian, M — 9.0 / scar 1 (LOWEST)*
States he **coordinated City of Boston permits for a 3,000-person festival on Boston Common**. Cold-contacted **300+ experts** for Kido and presented to their board. EY: found 100+ control gaps. NECG.
→ "Feed 50+, you may not pay" is his home turf. Knows Tiffany Lukman (PERMIAS).

5. OMAR FLORES ★ — *first-gen, M — 9.3 / scar 2*
Arthur M. Blank Scholar. **o4flo.com live**. Strategic Data Analyst, **Babson President's Office**. Ex-CTO of TeesHees (12 people). Boston Marathon / Boston.com. Built the AI pathway analysis **nobody asked for**. Motto: *"Do hard things because they are hard."*

Also live at the turn — *genuinely close to the five above*
TIFFANY LUKMAN ★ 9.0 — 7 yrs on one venture, taught entrepreneurship inside a prison · **WILL MARRA** 8.8 — raised **\$65K** with corporate sponsors, +30% YoY · **DAVID CHEN** ★ 8.6 — live product charging ¥299-999 · **HARINI KESAMNENI** 8.3 — negotiated a 12-acre sale herself, closed a pharma deal in a month

CONTINGENCY — if my pick is taken

Jeda → **Alpher** → Will Marra / Kelly Morgan / Tarynea | Aj Bulow → **Omar Saad** (both build) → David Chen | Matthew Ong → **Omar Flores** → Tiffany Lukman | Will Marra → **Jack Gramer** (co-founders) | Kelly Morgan → **Mia Mumby** → Anvesha Gupta
R4 check — the only composition rule: have I ended up with four of the same person? If yes, fix it with the last pick. **Three men by R4** → Anvesha / Kelly / Mia / Tarynea / Harini / Zeynep are all live and Len scores gender. | **Board empty → still draft. Do not take the cash.**
PASS: R1 \$600K NO · R2 \$500K NO · R3 \$250K NO · R4 \$100K NO. | **Only trade worth capital:** buying up for Jeda if picking late. Cap ~\$250K.
SNAKE: last in R1 = first in R2, two picks back to back. My edge is invisible players who last, so **a late R1 slot is better for me.**

WHO I AM BIDDING AGAINST — THE THREE REAL THREATS

RIVAL CEO	WHAT THEY ARE	WHO THEY WILL CHASE — AND WHERE WE COLLIDE
JULIA WIACEK <i>the one to fear</i>	Verified USCSA national GS champion , first in Babson women's ski history. Runs sales & BD at Vix Protection — worn by the entire U.S. ski team at the 2026 Olympics. Her brother founded it and publicly credits Len Green on Babson's own site.	Closers, makers, physical-product people, athletes she trusts. Collides with me on Alpher, Marra, Collins, Jeda. She knows this professor's playbook because her family already won with it.
MOJE BADEJOKO	Runs Eudai Films , a real production company. Already doing the most aggressive outreach of any CEO — messaged me Aug 17 by mistake.	Communicators and a business counterweight. △ The rival most likely to watch Jeda's video and understand it instantly. This is the whole reason she is pick #1.
NANDIKA JAIN	Analyst profile. Co-founded EcoKeeper with Adi Oberoi and is a mutual connection of Jeda's.	Credentials and rigour — likely buyer of Nagpaul, Mayo, Nagem. Will chase Adi Oberoi with a year of shared history I can't match. Ask him day one.
NUCHABA SCHOLTE	Blank Scholar; two Chi Omega officer roles; founded the Hiking Club. Broadest campus network of the eleven.	People she already knows — the friend-draft Len warns costs diversification points. Fellow Chi Omega officer with Mia Mumby.

The gift: of eleven rivals, only Scholte appears anywhere in Babson's flagship entrepreneurship programmes. Nine have no verified venture, a founder claim public records contradict, or no findable footprint. **They will draft on brag sheets and brand names.** Every early pick a rival spends on an unverified story leaves a 9.0 dark-pool player on the board for me.

DEPTH CHART — all 43, ranked (FINAL v3)

43	Rohan Nagpaul	☹	10	DO NOT DRAFT

☹ ROHAN NAGPAUL — let a rival spend pick #1. SEC filings show ~\$1.27M across 26 investors on a third-party SPV platform, not "\$5M AUM" — and his name is on neither filing. SigEp's roster names Quintin Distefano as president. Babson credits Arcangel to two other students. No YC entry. No TEDx found. Résumé dates Rauxmont a year before his own LinkedIn.
⬆ TRAPS — prestige résumés, nothing self-started: Ilan Mayo · Henrique Nagem · Yifei You (told you he's indifferent to work he doesn't resonate with) · Aaryan Mehra — LinkedIn is one entry, no posts, four claims don't check out.
NOT traps — corrected: Harini (#12) was here for "duplicates me" — dead reason, she is an R2 target. Tarynea (#10) was here for being expensive — scarcity is price, scored separately. Ziad (#29) is fine, just not early.

⬆ SCORES THAT ARE FLOORS, NOT ESTIMATES — unverifiable ≠ weak. One 10-min call moves these ±1.5, so call them FIRST:
Tiffany Lukman (9.0) zero external proof, searched in English + Indonesian — the call IS the evidence; do not spend R2 on her without it · AJ Bulow (9.0) confirm he is the Olin Formula lead · Aaron Wu (8.0) "Posse + Horatio Alger — which years?" confirms → 8.6, late R2 · Omar Saad (8.0) ID · Devi Gupta (6.5) most likely underrated · Cade Collins (7.0) · Yukt (6.8) · Louise (6.5) · Mads (7.0) · Tony Shi (7.2) Carnegie Hall — solo, or a hall rental?

ASK LEN AT 9 AM — Q1 and Q2 change this sheet

1. How is draft order determined? Can position be bought before the draft, or only traded during it?

2. Are the 3 HR + 3 IT Officers draftable, or out of the pool? If out: 37–38 players for 48 slots.

3. Roster count? I count 55 students; you said 56. Late adds or non-credit guests coming?

4. If I pass, is the refill guaranteed to 4, or whoever is left? What if the pool empties?

5. Non-credit recruit — if I bring a student, are they mine or do they enter the general pool? Deadline?
6. Does the \$400K under-four bonus stack with per-round pass cash?

7. Refusal — declared in the room? Is pre-arranging one within the rules?

8. Can capital buy anything besides position/players? Does unspent capital carry into the scoreboard?

9. Post-draft trades — allowed? What is a fair price to you?

10. Do I learn my pick number before the draft, or in the room?
